

## 2013 Tri-State Conference

NEPTA would like to thank our vendors for the successful training sessions held at the **Tri-State Conference**, September 11-13, 2013 in Burlington, Vermont. This year's concurrent training sessions covered areas in electronic signs, air conditioning, wheelchair lift, and disc brakes. Northern Bus provided information on warranty procedures specific to VTRAN contract.

NEPTA has partnered with the Tri-State committee over the past 4 years, and with the continued demand for training, we wish to thank the manufacturers and vendors for providing the training.

This year we welcomed ACT air conditioning and Mobile Climate Control; Luminator-Twin Vision; Braun Lift; Ricon Lift; Rowell; and Northern Bus.

Each fall the opportunity is available to host a training session, please contact Carol Tally ([membership@nepta.org](mailto:membership@nepta.org)) if you would like more information.

Thank you to our NEPTA sponsors:

Alliance Bus Group formerly Northern Bus Sales

The Braun Corporation

Luminator - Twin Vision

Mobile Climate Control

RICON Vapor, A WABTEC Company
