

Vicki Shotland, Executive Director at the Greater Hartford Transit District, has served on the NEPTA Board of Directors since 2004 and was voted as Vice President in 2009. After serving as Vice President for only a few months, Vicki agreed to step into a newly vacant NEPTA President position. It was from her that Vicki became what some referred to as the association “honorary President”, serving in different roles on the Executive Board.

Vicki continued to work hard for the association, dedicating many hours to the growth and development of NEPTA. Serving in role as President, NEPTA has seen a tremendous growth in the attendance of the biennial conference/expo, marking 2013 as the record breaker for NEPTA with 450 attendees. Vicki has a certain way of incising, but it works. We continue to have successful workshops, conference and transportation expos because of her continued perseverance. Although Vicki’s tenure on the NEPTA executive board has come to a close, we are excited that Vicki agreed to remain on the board as a valued board of director member for the coming year. Vicki, on behalf of the members, Officers and Directors we would like to present you with this EXTREME HONOR AWARD. You can read the award if you want

Extreme Honor Award is presented to Vicki L. Shotland for your long-term dedication, leadership, support and inspiring contributions to the association since 2004.

With sincere gratitude and appreciation, the NEPTA members, Officers and Board of Directors thank you for going above and beyond in support of NEPTA.
